Our Mission Statement

ICT Schools is dedicated to graduating excellent therapists and practitioners who are able to determine the primary cause of the client's complaint efficiently and accurately and to treat the condition effectively. Therapists and practitioners trained at ICT Schools exemplify excellence in professional behavior and standards, practice management and community service. They are committed to life-long learning and professional development.

Our Philosophy

We believe that complementary therapy is an essential component of contemporary health care, and that quality health care education encourages students to think critically about health care problems. We also believe that quality health care education is provided within a framework of a partnership that brings together educators, therapists and students. Finally, we believe that high professional standards of complementary therapy and practice must be upheld in educating students who will become our colleagues.

Our 42 Year History of Distinguished Contributions to Complementary Therapy Education

For the past several decades, complementary health care has experienced tremendous growth and increasing acceptance from the public and conventional medicine. Our innovations have been instrumental in this growth. Among our achievements:

- we were the first private career college to introduce a 2200-hour massage therapy program in Ontario;
- we were the first to open a school devoted exclusively to massage therapy in Nova Scotia; we were the first accredited schools for massage therapy in Canada:

- we were major contributors to the development of the Ontario -Core Curriculum Document, the pioneering standard-setting competency document adopted by the College of Massage Therapists of Ontario;
- we incorporated in 1987 the now-standard orthopedic approach to client assessment into our curriculum
- we remain in the forefront of massage therapy curriculum development, emphasizing clinical assessment, an integrated approach and critical thinking skills in our educational model.

Our Program Goals and Objectives

Our Program is designed to graduate effective therapists fully prepared to enter the professional health care community. Toward this end, successful students in our Program will:

- attain knowledge of anatomy, physiology and pathology, and effectively apply this knowledge to clinical practice
- achieve a high level of proficiency in determining the primary cause of a client’s complaint
- develop a sensitive and caring approach to client care
- attain a high level of integrity and professionalism as health care providers
- acquire business skills necessary for building and managing a successful practice
- be prepared for the Ontario provincial licensing examination
- be prepared to practice massage therapy based on the Ontario model in jurisdictions where licensing does not exist
- commit to life-long learning as required by professional standards.

International students will be required to present a Student Visa instead of a Social Insurance Card.

To be eligible to begin some segments of the Clinic and/or Field Placement component of the program, students may be required to produce proof of a current tuberculosis (T.B.) test.

In accordance with ICT Schools' *Harassment and Discrimination Policy* (1996), the *Ontario Human Rights Code*, and the *Nova Scotia Human Rights Act* all applications are reviewed by the Admissions Department without regard to the age, disability, race, religion, ancestry, place of origin, colour, ethnic origin, citizenship, creed, gender, sexual orientation, marital status, or family status of the candidate

Minimum Admission Requirements

Applicants must possess a high school diploma/ certificate or its equivalent. A candidate who does not fulfill these minimum admission requirements but is 18 years of age or older (if applying to Kikkawa College) or 19 years of age or older (if applying to Northumberland College) as of the first official day of classes may apply as a mature student. A copy of proof of age must be submitted with the application. Candidates who apply as mature students will either be required to acquire their G.E.D or pass an Adult Achievement Test/Scholastic level exam. Each test or exam costs \$35 plus HST payable to the College. Applicants may also be required to pass the school's Preadmission Course (or an equivalent course) described below.

Conditional Acceptance

Candidates may be accepted into the program on a conditional basis. Students accepted on conditions may be required to meet admissions requirements by taking ICT's Preadmission Course (or an equivalent course elsewhere) prior to the commencement of the program and/or the equivalent of such courses concurrent to the program as prescribed by the Admissions Department.

Pre-admission Course

Candidates taking ICT's Preadmission Course as an admission requirement must successfully complete the course prior to the commencement of the program. The fee for ICT's Preadmission course is \$300 (including HST).

English Language Proficiency

The language of instructions at ICT Schools is English. Students must be proficient in all areas of the English language, including speaking, reading, writing and oral comprehension. Candidates may be required to attend a Communication Tutorial as an admissions requirement.

In addition to ICT's language proficiency requirement, applicants are advised that as a prerequisite to registration as a Massage Therapist in Ontario, students must also meet the College of Massage Therapists of Ontario's language fluency requirement (i.e. "be able to speak and write either English or French with reasonable fluency").

The CMTO requires language fluency assessment test results to be submitted by candidates whose first language is neither English nor French, and whose secondary school education was not completed in English or French. For further details consult the CMTO's Certification Examination Candidate Handbook.

Successful completion of ICT's Program of study does not automatically guarantee that a student will fulfill the CMTO's language requirement.

Special Needs

ICT Schools encourage applicants with special needs to consider a career in complementary health care. However, ICT Schools has limited resources to provide assistance to students with physical, learning and emotional disabilities. ICT Schools examines each situation on a case-by-case basis. In order to be considered, the applicant must submit a request in writing with accompanying supporting documentation to the Registrar prior to the start of the school year.

Transfer of Credit (Advanced Standing)

Applicants may request a transfer of educational credit from recognized institutions. Requests for transfer of credit must be directed to the Admissions Department along with the application to the program.

Applicants requesting a transfer of credit will be required to submit an official transcript indicating completion of the course material. They must also submit a syllabus that demonstrates that the course is substantially similar in length, scope and learning objectives to ICT Schools' massage therapy program. If the request is accepted, the applicant may be required to take a challenge examination on a pass-fail basis.

The examination fee is \$50.00, paid in advance. If the applicant passes the challenge examination, the letters TC (Transfer of Credit) will appear on any transcript issued by the school.

A maximum of 50% of the applicant's program may consist of transfer credits.

Special Student Status

Students required to repeat courses must apply for admission as Special Students.

Admission to the program as a Special Student is subject to the approval of the Evaluation and Promotion Committee. The committee's decision is final and is not subject to appeal.

- Clinical Excellence and Professionalism
- Highest Overall Grade Average

Registration

Registration is the process by which students become listed in the official student records of the school. It should be completed prior to the Friday before classes begin. Earlier registration is advised (students may register year-round) and may be arranged directly with the Registrar. Late registration may be permitted at the discretion of the College. Students registering late are subject to a Late Administrative Fee. Students withdrawing mid-term from the full-time program and concurrently registering to complete the program on a part-time basis, are considered to be Late Registrants (see pages 4 and 9) in the Part-time Program.

In order to register, students must:

- sign a contract (Enrolment Contract) with the school according to the requirements of either the *Private Career Colleges Act (Ontario)* or the *Private Career Colleges Regulation Act (Nova Scotia)* and
- pay a registration fee and deposit (if Year 1) and
- pay all outstanding financial liabilities owing to the school before registering in Year 2 and
- meet with the Registrar during or before Final Registration Week in Year 1 and Year 2 (or make alternative arrangements with the Registrar) to make fee payment arrangements as required by the Enrolment Contract .

Deregistration From the Program

The Registrar is empowered to deregister from the program students who:

- are found at any time to fail to meet the school's admission requirements or the conditions of admission imposed by the Admissions Department;
- are not eligible or entitled to enroll in a program of study, and are not authorized by the school to enroll; or
- do not meet the country's applicable citizenship and/or immigration laws.

Students who are deregistered on these grounds will be deemed not to have registered in the academic session. Registration and academic activity records will not be retained. Students will be refunded their academic fees in full less any indebtedness to ICT Kikkawa College or ICT Northumberland College as per the relevant refund policy outlined under "Refund of Fees" for Kikkawa College and "Refund of Fees" for Northumberland College.

During the academic year, the Registrar is also empowered to deregister from the program students who:

- do not pay outstanding financial liabilities owing to the College; or
- do not meet the fee payment conditions as contracted with the College; or
- fail to comply with the College's Attendance Policy; or
- fail to comply with a Remedial Action Plan designed by the Evaluation and Promotions Committee for academically at-risk students; or
- are expelled from the program by the Disciplinary Review Committee for contravening any of the following College policies: "Policy on Student Conduct and Behaviour"; "Class Disruption Policy", "Policy on Academic Dishonesty"; "Policy on Harassment and Bullying" (as appended to Northumberland College's Student enrollment contract); "Policy on Sexual Violence" (as appended to Kikkawa College's Student Enrollment Contract); or
- are expelled from the program for contravening the College's "Harassment and Discrimination

Students who are deregistered on these grounds will be deemed to have enrolled and registered in the academic session. A record of academic activities will be retained.

Although officially deregistered from the program, the student remains responsible for all academic fees incurred up to and including the date of withdrawal from the program. It is the student's responsibility to withdraw from the program in accordance with the procedures outlined in this catalogue (see Withdrawal and Withdrawal Procedures below).

The Registrar or other appropriate officer will inform the student and appropriate academic and service areas of the deregistration.

Deregistration From Specific Courses

The Registrar is empowered to deregister from a course, and from all other courses for which it is a prerequisite, any student who:

- is absent from 30% of the total hours of the course or for 4 consecutive weeks (except in the case of courses for which 100% attendance is required); or
- is failing a course and does not comply with the Remedial Action Plan required by the Evaluation and Promotion Committee.

Students who have been deregistered from one or more courses may be deregistered from the entire program. Alternatively, they may lose full-time status, be deregistered from the full-time program and be required to re-register as part-time students. Transcripts will be issued with a “DE” indicating that the student was deregistered from the course(s).

Although officially deregistered from the program, the student remains responsible for all academic fees incurred up to and including the date of withdrawal from the program. It is the student’s responsibility to withdraw from the program in accordance with the procedures outlined in this catalogue (see Withdrawal and Withdrawal Procedures below).

Students must complete all first-year courses before proceeding to their second year and all second-year courses before graduating. Students deregistered from any course should be aware that their progress in the program will be delayed until they successfully complete the course(s) from which they were deregistered. Students repeating any course must apply for Special Student Status. (See “Admission Policies and Procedures”.

Withdrawal

Students are officially withdrawn from the program when, in response to their Notice to Withdraw (see Withdrawal Procedures below), their official student record is annotated to indicate that they have formally discontinued their studies.

Students are responsible for all academic fees incurred up to and including the day upon which their Notice to Withdraw is received by the Registrar. Discontinuation of studies/non-attendance of courses (including deregistration and/or refunding of student loan monies as a result) does not constitute official withdrawal for purposes of regulations and fee adjustments.

In order to be officially withdrawn, students must adhere to the procedures set out in the following paragraphs. Ignorance of the regulations or proof of other activity does not constitute grounds for retroactive withdrawal.

Withdrawal Procedures

Students wishing to withdraw must submit written notification to the Registrar indicating their withdrawal from the program. This written notification constitutes an official Notice to Withdraw and must be submitted to the College in person, by fax, by email or by registered mail (or courier).

In order to withdraw in good standing (i.e. without a failing grade appearing on their transcript), full-time students must do so before they have completed 65% of the program material offered within the year for which they are registered. Part-time students wishing to withdraw in good standing must do so before they have completed 65% of the course(s) they are enrolled in at the time.

Students wishing to withdraw mid-term from the full-time program and complete their studies on a part-time basis must officially withdraw from the full-time program (before the 65% completion date as described above) and register as part-time students.

Refunds for withdrawal will be based on the terms and conditions set out in the *Private Career Colleges Act (Ontario)* or the *Private Career Colleges Regulation Act (Nova Scotia)* as reprinted in the relevant Refund Policy found in this catalogue under “Fees.”

Reinstatement

If students withdraw in good standing, they may request reinstatement in a program of study.

Reinstatement will be at the discretion of the school and is subject to the appropriate enrollment procedures.

Graduation

Graduation Requirements

A diploma is awarded to the candidate who has met all the following requirements:

- All fees have been paid and there are no outstanding fees or other debts;
- All coursework requirements, including clinic hours, have been completed by the last day of the academic term; and,
- A minimum passing grade has been attained in all required coursework

Graduation ceremonies are held once a year.

Transcripts of Academic Record

Two transcripts are issued to each graduating student. Additional transcripts may be requested from the Registrar's office in person or by mail. Additional transcripts are released upon payment of a Transcript Fee.

Upon instruction from the student, the Registrar's office will:

- mail an official transcript (i.e. one bearing the seal of ICT Kikkawa College or ICT Northumberland College and an authorized signature) directly to an address specified by the student; or,
- issue an official transcript directly to the student.

Transcripts issued directly to students are marked "issued to student." It is the student's responsibility to ascertain whether such a marked transcript is acceptable to the third party.

Averages are calculated on a weighted average basis;

i.e. the relative number of course hours is factored into the student's overall grade average.

ICT schools transcripts reflect academic work completed at ICT schools only. Academic work completed at other institutions, for which credit has been transferred, will appear as "TC" on the transcript.

Sexual Harassment Policy Guidelines

The Canadian Human Rights Commission broadly defines harassment, some of which is sexual in nature,

as:

Verbal abuse or threats;

Unwelcome remarks, jokes, innuendo or disrespectful comments about a person's body, clothing, age, marital status, ethnic or religious background;

Showing offensive or disrespectful pictures;

Practical jokes that cause embarrassment or awkwardness;

Unwelcome invitations or requests;

Leering or other gestures;

Condescending behaviour that takes away a person's self-respect;

Unnecessary physical contact.

Principles

1. Sexual harassment will not be tolerated.
2. It is the responsibility of all students to refrain from acts of sexual harassment against other students, employees and other individuals with whom they have contact during the course of their studies.
3. Students have a specific method of redress to follow in the event they are subject to sexual harassment.
4. It is the responsibility of all individuals, to be sensitive to the possible existence of sexual harassment and to act quickly and appropriately to put an end to it.
5. Employees or students who have engaged in sexual harassment of others will be subject to appropriate disciplinary action.

Please refer to the Complaint Reporting Procedures outline below in the event that you experience sexual harassment during your studies at the College.

Non-Discrimination Of Disabled and Handicapped Students

Non-Discrimination Of Disabled And Handicapped Students

Disabled students whatever the origin, nature and seriousness of their handicaps and disabilities have the same fundamental right to human dignity as their fellow students. Under the Ontario Human Rights Code, "everyone has the right to be free from discrimination because of handicap..."

Please refer to the Complaint Reporting Procedures outline below in the event that you experience discrimination because of handicap. Kikkawa College abides by the Regulations stated in the Accessibility for Ontarians with Disabilities Act, 2005. Students are encouraged to download a copy from <https://www.ontario.ca/laws/statute/05a11>

Northumberland College abides by the Regulations stated in the Nova Scotia Accessibility Act <https://accessibilitycanada.ca/legislation/nova-scotia-accessibility-act/#:~:text=The%20Accessibility%20Act%20aims%20to,which%20are%20currently%20under%20development>

Any questions or concerns should be immediately raised with the Campus Manager.

Policies on Student Evaluation and Supplemental Privilege

Student Evaluation

Students are evaluated through a combination of written and oral/practical tests, assignments and clinic practice.

Tests and Assignments

Grades are posted by student number. Students may not rewrite or retake a test or submit an assignment in order to improve a grade received. Students may not request to write or take a test or submit an assignment at a time other than the officially scheduled times.

Course Requirements and Passing Grade

Students are given a syllabus for each course of the program outlining the evaluation process and computation of final grades for the course. A minimum grade of 70% must be achieved to successfully complete a course. In addition, each CATS200 final practical exam station must be passed with a minimum grade of 70% and the final theory exams in CATS200 and PATH200 must be each passed with a minimum grade of 65%. All grading other than for those courses graded “pass” or “fail” is numerical. All courses at the 100 level must be successfully completed before any 200 level courses may be taken.

Honours Average

An Honours Average is achieved with an overall cumulative weighted average of 90% or more.

Supplemental Examination Privilege

Course Supplementals

Supplemental examination is not a right but a privilege granted by the Academic Appeals Committee (AAC) on an individual basis. Only students who have failed to successfully meet the Course Requirements and Passing Grade as described above but who have otherwise achieved a minimum grade of 50% in a course are eligible for supplemental privilege. Students failing due to non-attendance are not eligible. Students may normally apply for no more than two supplemental examinations per year.

The application to write the prescribed examination must be submitted in writing to the AAC within a specified period of time (as announced by the school) following the release of final grades. Failure to notify the AAC in writing within the prescribed period of time results in failure in the relevant course(s). In reviewing an application, the AAC takes into consideration such factors as the applicant’s record of attendance, grade performance in other courses, attitude and suitability to the program. The overriding concern in the deliberations of the AAC is whether or not the applicant has the knowledge and skills to continue successfully in the program. The decision of the AAC is final and cannot be appealed.

The assigned grade for successful a course supplemental is recorded as a “pass.” Results of supplemental examinations are final and are not subject to appeal or viewing. If the supplemental examination is failed, the student may apply to the school for Special Student Status in order to repeat the course.

Unless approved by the Board, supplemental privilege is not available to students who fail a course a second time.

Year 2 Final Examination Requirements

Students are required achieve a minimum grade of 70% on each practical component of the CATS200 final exam and a minimum grade of 65% on the final theory examination in CATS200 and PATH200. Students failing to achieve these grades but otherwise passing the course overall, may apply for supplemental re- testing in respect of the specific component failed.

Further description is provided in the course syllabus. Students choosing not to re-test or who fail the re-test will receive a course grade of “fail” on their transcript.

Repeating Courses

Students wishing to repeat courses must apply for Special Student Status. Students repeating Year I courses may not take Year II courses until all Year I courses have been completed. Students repeating courses in the first year of the program must also enroll in TECL101—Teaching Clinic. Students repeating courses in the year in which they would be eligible to graduate must also enroll in TECL201—Teaching Clinic.

Policy on Make-ups for Missed Tests, Assignments and Clinic Classes

Students who miss a test, are late in handing in an assignment or are absent from a test due to unavoidable circumstances may be able to avoid a grade of zero by applying to the Registrar’s Office for Special Consideration. Students seeking to apply for Special Consideration should obtain a Special Consideration Form from Reception or the Office of the Registrar.

Students are required to verify their circumstances with official documentation. The School must receive the application for Special Consideration within two weeks of the missed test or late assignment in order for it to be considered for approval. In the case of a missed theory test or late assignment, approval will be limited to one missed theory test and one late assignment per course per academic term. **There are no make-ups for missed quizzes.** Make-up assignments must be submitted within two weeks of the Special Consideration approval. In the case of a missed TECL class, students are directed to their TECL Manual for full policy details on make-ups.

If Special Consideration for a practical test is granted, the student must make arrangements with the instructor to re-schedule the test. The make-up test must take place within two weeks of the Special Consideration being granted. If the re-test is missed, another Special Consideration form must be submitted and approved.

Policy on Determining Satisfactory Progress

Students are considered to be making satisfactory progress when they:

- meet specified admission requirements;
- maintain a passing grade in all courses;
- observe all administrative and academic policies;
- maintain attendance requirements; and
- are up-to-date in tuition and other fee payments.

Evaluation and Promotion Committee (EPC)

The Evaluation and Promotions Committee (EPC) monitors students’ progress. EPC deals with the following students’ issues: course or tutorial non- attendance, course failure, program failure, and the fulfillment of admissions requirements. EPC is empowered to design remedial action plans for students who are academically at risk and /or for students with unsatisfactory attendance (Refer to Attendance policy below.)

Students who fail to comply with their remediation plans by EPC, (which could include additional assignments, proof of study group make-up/ attendance, mandatory make-up tutorial attendance, among other measures) will be deemed not to be making satisfactory progress and may be deregistered

from the course and any courses for which the course is a prerequisite. This may lead to deregistration from the program.

Failure to maintain satisfactory scholastic progress will impact student loan status and/or eligibility for future loans.

Policy on Required Tutorial Support

Attendance is required for:

- Students failing a course for which there is a designated tutorial;
- Students for which tutorial support is an admission requirement;
- Students with attendance issues who are otherwise unable to make up for missed course material under an approved arrangement with the EPC

The following students may attend Tutorial Support:

- Students who have been approved by EPC as having special needs;
- Passing students with a course grade less than 75%.

Policy on Attendance, Tardiness and Leave of Absence

Class attendance is an integral aspect of the learning experience. Attendance is required and taken in each class. Students are responsible for covering all course material and must make arrangements to obtain material missed. All students are assigned study groups at the beginning of term and are required to consult with members of their group in the event they are otherwise unable to make up missed course material due to absence. Students are required to provide written explanation of how missed course material has been made up. Failure to do so could result in disciplinary measure including expulsion.

Students who are experiencing both academic issues and attendance problems will be notified to meet with the Evaluation and Promotion Committee (EPC) to discuss their non attendance. Tutorial attendance may be mandated to ensure missed course work has been covered. Tutorial fees not exceeding \$20 per tutorial will be charged to students who are required to attend tutorials due to non-attendance. Students are not permitted to audio or videotape material presented in lecture, seminar or practical classes held on or off college premises. Failure to attend mandated tutorials could result in disciplinary action including expulsion.

For Teaching Clinic (TECL 100, 101, 200, 201) and Clinical Practicum (CLPR) (when CLPR is offered in ELEC200) and Field Placement Practicum (FPPR) (when FPPR is offered in ELEC200) there is a zero tolerance policy regarding absenteeism. Students who are absent from TECL, CLPR, and FPPR will be required to make up for missed classes/hours in accordance with the policy outlined in their TECL Manual.

For all other courses, students who are absent from 30% of the course may be deregistered from the course.

ICT Northumberland College students missing more than 10% of total program hours or 3 consecutive weeks, excluding time missed for officially documented medical reasons as evidenced by a doctor's note or certificate, **must be deregistered from the program as required by provincial legislation**, unless missed time is made up through a formal arrangement with the EPC. (refer to Evaluations and Promotion Committee.

Since students must complete all Year One courses before proceeding to Year Two, students deregistered from any Year One course(s) should be aware that their promotion to Year Two will be delayed until they successfully complete the course(s) from which they were deregistered.

In courses requiring practical participation, students who attend but are unwilling to participate will be marked absent. Students who are unable to participate due to injury should speak with the School Director or Program Director.

Tardiness and leaving class early is treated as an absence unless the student takes the initiative to discuss the problem with his/her teacher just before the start of the class or immediately after the class has ended.

Reasons presented by the student will be accepted or rejected at the teacher's discretion. Repeated tardiness or leaving class early may result in referral to the Disciplinary Review Committee (DRC) and may constitute cause for deregistration from the program.

Leaves of absence will be granted only in extraordinary circumstances (but are still subject to the above rules), as determined by the School.

Policy on Academic Appeals Academic Appeals Committee (AAC)

The Academic Appeals Committee (AAC) will be assembled to adjudicate Level Two Appeals (see below) regarding grades for tests and assignments. Examination results (including challenge exam, final exam and supplemental exam results) are not subject to academic appeal or viewing.

In addition, the AAC determines which students are granted Supplemental Examination Privilege. The Committee consists of three members chaired by the Registrar (or designated alternate).

Procedure for Academic Appeals

An Academic Appeal is a process whereby an individual student may appeal an action or decision that directly affects the student's evaluation in a course, excluding final examination results and excluding a zero grade for a missed test or assignment.

Students may not submit an appeal on behalf of another student or group of students.

Academic Appeals are limited to matters affecting the evaluation of individual students. Where there has also been a breach of conduct (for example, a case where cheating has resulted in a failing grade), the breach of conduct will be dealt with by the Disciplinary Review Committee process.

An academic appeal by a student may be brought at any time during the academic year, subject to time limitations outlined below. Students initiating an appeal must pay the appropriate Academic Appeal fee indicated under Other Fees in this catalogue. Academic Appeal fees are refunded only if the appeal is successful. If more than one question or aspect of a test or exam is appealed on one Appeals Form, all aspects of the appeal must be successful in order for the fee to be refunded.

A formal academic appeal may be initiated by obtaining an Academic Appeal Form from Reception and submitting the completed form together with the appropriate fee within five school days from the posting of grades for theory tests or five school days from the date the practical test is returned to the student.

Level One Appeals

Within the appropriate time frame outlined above, the student must submit a completed Level One Academic Appeals Form to the Registrar's Office for processing.

For Theory Tests and Examinations: The Registrar will forward the student's appeal to ICT's Department of Education for consideration. Decisions made by ICT's Department of Education regarding the student appeal will be returned to the Registrar's Office and communicated in writing to the student within 5 school days following receipt of the Appeals Form by the Registrar. If the student is still not satisfied with the decision, the student may proceed to the next stage (Level Two) of the appeals process.

For Practical Tests and Examinations and Written Assignments: The Registrar will schedule a meeting between the student and the evaluating teacher to occur within five school days of the receipt of the Appeals Form by the Registrar. Following this meeting, the evaluating teacher will make a decision regarding the student appeal. The decision will be returned to the Registrar's Office and communicated in

writing to the student within 5 school days following the meeting between the student and the evaluating teacher. If the student is still not satisfied with the decision, the student may proceed to the next stage (Level Two) of the appeals process.

Level Two Appeals

Should the student decide to continue the Appeals process, the student must submit a completed Level Two Appeals Form together with a copy of all Level One appeal documentation to the Registrar within two school days of receiving notice that the Level One appeal has been denied. The Registrar will schedule a date, time and place for the hearing of the appeal before the Academic Appeals Committee (AAC) and will officially notify the student, ICT's Department of Education and, where applicable, the evaluating teacher. The date chosen cannot be earlier than 10 school days and no later than 15 school days from receipt the Appeals Form by the Registrar. The notice will include a statement that if any party does not attend, the hearing may proceed regardless.

The AAC may establish its own practice and procedure in the hearing of appeals subject to the requirements that there be a full hearing on the merits of the appeal and that its decision be rendered in free and unbiased manner. All decisions of the AAC will be final and take effect immediately. In the event that a member of the Committee is the subject of the Appeal, that member will be asked to withdraw from the hearing and will be replaced by an alternate.

The Registrar will forward a copy of the written decision to the student within five school days of the completion of the hearing. If necessary, any teacher affected by the decision will also be notified in writing.

Policy on Student Conduct and Behaviour

Students are expected to maintain a professional relationship with each other and with all other members of the school community. This relationship is characterized by courtesy and mutual respect. Students are expected to dress in an appropriate, professional manner. Students are expected to know, follow and support all rules and regulations set forth in the Student Catalogue.

Behaviours that contravene this policy include, but are not restricted to, the following: assaults, threats, harassment, defamation, theft, damage to property, trespassing, academic dishonesty, disruptions or disturbances that interfere with the peaceful use of school property, false alarms, possession of offensive and prohibited weapons, abuse of process, inappropriate dress, intoxication, possession or sale of prohibited substances, and disobeying a lawful order or directive given by a school employee authorized to give such an order.

Students are at all times responsible for their actions. Ignorance of the school's rules or of the laws of Canada and/or Ontario or Nova Scotia is not a defense against disciplinary action. Lack of intention to violate ICT Schools' policy will not generally excuse an infraction.

ICT Schools expect its students to conduct themselves as if they were Health Professionals and to be familiar with and act in accordance with the Professional Codes of Ethics and Standards of Practice of regulated provinces such as in Ontario as stated by the CMTO. The schools, in turn, recognize that the rights guaranteed to students by the *Ontario Human Rights Code*, *Nova Scotia Human Rights Act*, and the *Charter of Rights and Freedoms* may be legitimately and appropriately exercised.

Failure to adhere to the Policy on Student Conduct and Behaviour may result in the student being referred to the Disciplinary Review Committee for disciplinary action . Disciplinary action could result in expulsion.

Harassment and Discrimination Policy

ICT Schools has in place a Harassment and Discrimination Policy (1996) forbidding harassment and discrimination on all of the prohibited grounds outlined in the Ontario Human Rights Code and the Nova Scotia Human Rights Act. Copies of the policy are available at Reception.

Class Disruption Policy

Students are expected to conduct themselves in mature and professional manner while on campus. Disruptions will not be tolerated. Teachers and other College employees may take disciplinary action that may consist of verbal warning, dismissal from a class session or campus location, and referral to the Disciplinary Review Committee (which could lead to expulsion from the College). Dismissal from a class will result in a recorded absence for the class.

Temporary Dismissal is an order by a teacher, clinic supervisor, or other school employee in a position of authority, directing that a student immediately leave the classroom, clinic, resource centre or other area of the campus for a period not exceeding one school day.

Temporary dismissal may be issued for disruptions of a less serious nature, such as talking in class or monopolizing class time through excessive questioning or commenting, and will be reported to the Registrar.

Students will receive an absence in all classes missed during the temporary dismissal period. Repeat offenses may lead to expulsion.

Policy on Academic Honesty Introduction

Conduct that violates the ethical or legal standards of the school community or of one's program may result in serious consequences. Members of ICT schools are reminded of the general obligation to maintain the highest standards of academic honesty.

Serious offenses against the standards of academic honesty (this summary is not exhaustive):

Cheating

Cheating is a very serious offence and is defined as the use of any deceptive methods, strategies or techniques which provide the person who is participating in the cheating with unfair advantages over other students.

The following is a list of some of the deceptive methods, strategies and techniques that constitute "cheating:"

- the use of crib sheets
- verbal communication of testing information
- the visiting of restrooms during the testing or examining process in order to access hidden crib or cheat notes
- actively copying the work of another student
- passively allowing or facilitating cheating by another student
- acting as an accomplice to cheating behaviour
- the use of non-verbal communication (e.g. a nod, the raising of fingers, etc) to access information from another student
- printing or writing on any area of the body (hands, arms, etc)

Plagiarism

Plagiarism is the representation of another person's ideas or writing as one's own. The most obvious form of this kind of dishonesty is the direct presentation of all or part of another person's published work as something one has written. Paraphrasing another's writing without proper acknowledgement may, however, also be considered plagiarism. Students are advised they may not sell their program notes or tests to others.

Falsification or Unauthorized Modification of an Academic Record

It is a breach of academic honesty to falsify, fabricate, or in any other way modify a student examination, transcript, grade, letter of recommendation, or related document. Unauthorized modification or

falsification of any other official document, or failure to divulge previous attendance at another post-secondary educational institution on an admissions application, is also a violation.

Aiding or Abetting Misconduct

Knowingly aiding or abetting anyone in a breach of academic honesty will itself be considered misconduct. This may include helping others in the preparation of work submitted for appraisal or offering for sale essays or other assignments with the intention that these works would be submitted for appraisal.

Impersonation

It is a breach of academic honesty to have someone impersonate oneself in class, in a test or examination, or in connection with any other type of assignment in a course. Both the impersonator and the individual impersonated may be charged.

Procedures Governing Breach of Academic Honesty Initiating a Complaint

A complaint alleging violation of the Policy on Academic Honesty should be submitted in writing to the School Director or Program Director as soon as is reasonably possible. The complaint should be a full but concise statement of the facts as perceived by the complainant.

The responsibility for detecting academic dishonesty on assignments lies with the faculty member evaluating the material. The evaluator must retain possession of the suspect material and provide a written report, together with the confiscated material, to the School Director or Program Director or another ICT official.

The responsibility for detecting academic dishonesty in a test or examination lies with the invigilator. In cases of suspected impersonation, the invigilator will ask the student involved to remain after the test or examination and request appropriate identification. In other cases of suspected breach of academic honesty, the invigilator will confiscate any suspect material. In all of the above cases, the student will be allowed to complete the test or examination and the invigilator will submit a full report to the School Director or Program Director.

Informal Hearing of a Complaint

In determining whether or not there are reasonable and probable grounds to proceed with a charge of breach of academic honesty, the School Director or Program Director may arrange an informal meeting with the student to discuss the matter. During any such investigation, the School Director or Program Director should proceed quickly; but, if intending to interview a student, the School Director or Program Director should give the student at least seven calendar days' notice of the meeting. At this meeting, a representative may accompany the student, and the School Director or Program Director may be accompanied by another person.

If the action was clearly unintentional, the School Director or Program Director may take informal remedial steps so that the student may correct the mistake and avoid its recurrence. No official response is required and no record kept.

If the student admits to a breach of academic honesty, a document signed by the student and the School Director or Program Director which includes the admission, a summary of the matter, and a joint submission as to penalty must be forwarded to the Disciplinary Review Committee. In such cases, the agreed-upon penalty may not exceed failure in the course. The Committee normally imposes the agreed-upon penalty. However, if it decides that some other penalty is warranted, it must arrange for a formal hearing of the matter.

Sanctions for Academic Misconduct

When verified, a violation of academic honesty may lead to one or more of the following penalties:

- a) oral or written disciplinary warning or reprimand
- b) a make-up assignment or examination
- c) lower grade or failure on the assignment or examination

- d) failure in the course
- e) academic probation
- f) suspension from the College for a definite period
- g) expulsion from the program
- h) notation on transcript (A student may petition the Board of Directors to have the notation removed after a period of five years from the date at which the notation was entered.)
- i) withholding or rescinding a diploma (Where the Disciplinary Review Committee decides to rescind a diploma, the decision, with supporting documentation, must be forwarded to the Board of Directors for approval.)

A permanent record of the offence will be placed in the student's academic file. This record is for internal academic purposes only. Once an investigation begins, a student may not withdraw or be deregistered from the course for any reason until a final decision has been made. Transcripts will not be released to a student until a decision is made.

Disciplinary Review Committee (DRC)

The Disciplinary Review Committee will be assembled to address referrals due to alleged breaches of the College's "Policy on Academic Dishonesty" and complaints and referrals regarding behaviour that allegedly contravenes the College's "Policy on Student Conduct and Behaviour" or "Class Disruption Policy."

The School Director or Program Director (or designate) shall Chair the Committee.

The Committee shall normally consist of three members. When the complaint being addressed has been initiated by one or more students or where the complaint's resolution may have a significant direct impact on the student body (as determined by the Chair), one of the Committee members shall be a student representative appointed by the President of the Student Association.

Harassment and discrimination complaints will be investigated, not by the DRC, but according to the procedures detailed in ICT School's *Harassment and Discrimination Policy*.

Formal Hearing of a Complaint

A formal hearing will be conducted by the Disciplinary Review Committee, if it is the decision of the Committee that such a hearing is warranted in order to gather further evidence in determining guilt or innocence, to determine the nature of the sanction, or for other reasons as determined by the Committee.

Procedure for Hearings

The Committee may establish its own practice and procedure in the hearing of complaints, subject to the requirements that there be a full hearing on the merits of the complaint and that the Committee's decision be rendered in a free and unbiased manner.

Where the Chair of the Committee has received a complaint and the Committee has decided that a hearing is in order, a written "Notice to Attend a Disciplinary Review Committee Hearing" will be sent to the student(s) involved within 15 school days of the day that the Chair receives the complaint. The student must appear before the Committee within two school days of the date on the Notice. In order to permit the school to act fairly and with sufficient information and understanding, students must be accessible to communication. Failure to appear will not prevent the investigative hearing from occurring.

The DRC may impose any of the sanctions listed in this Catalogue. Any decision of the DRC must be communicated to the student, the complainant and the Chief Executive Officer of ICT in writing with reasons for the decision. This communication will be done by registered mail within five school days of the completion of the hearing. If the decision is expulsion, the Committee will immediately advise the Registrar of the date of expulsion by electronic mail or telephone and, within one day, in writing.

Appeals

The student can appeal the decisions of the Committee by submitting a written appeal to the Board of Directors within five school days of receipt of the DRC's decision. The Board's decisions will be final.

Sanctions

Notice of Warning. This is a written order or instruction to a student requiring that the behaviour complained of cease or change. The warning is put in the student's file and, if the behaviour is repeated, it is grounds for a more severe sanction.

Probation. Under a probation order issued by the DRC, a student may attend classes and clinics under specific terms and conditions. A student on probation is subject to suspension or expulsion if there is any further breach of school policy.

Suspension. This is an order issued to the student by the DRC requiring a student to withdraw from a course or courses for a period of no more than three school days.

Expulsion. This is an order issued by the DRC severing the student's relationship with the school and expelling the student from the program and all ICT schools activities. The Registrar shall deregister the student from the program.

Formal Student Complaint Procedure

Should a problem arise while a student is attending an ICT school and the issue is not informally addressed or covered by the Academic Appeals or Disciplinary Review process, a formal protocol has been established to help find a satisfactory resolution to the student's complaint:

- The student shall put the complaint or grievance in writing, detailing the nature of the problem, the date it occurred, the name(s) of the individual(s) involved, and the facts regarding the matter. The letter must be signed and dated.
- The student shall send or deliver the letter to the Registrar and retain a copy for his/her records.
- Within 5 school days of the complaint being received, the Registrar shall meet with the student in person to attempt to resolve the issue. The student shall be permitted to provide an oral submission. Both the student and the Registrar shall be permitted to have another person present during the meeting. The Registrar will then issue a written decision on the matter (giving reasons for the decision).
- If, after receiving the Registrar's written response, the student does not feel a satisfactory resolution has been reached, the student may pursue the issue further by sending the complaint within 3 school days of receiving the Registrar's response, the following: a copy of the original complaint letter, a copy of the School's response, and a written explanation as to why the student believes the complaint not to have been appropriately adjudicated to the Director of Program. The student should retain a copy of all written materials. Within 5 days, a written response will be delivered to the student by the Director of Program;(8 school days)
- If the complaint cannot be resolved at this level, then it will be taken one step further to the Dean of the College. Upon reviewing the submission, the Dean shall take whatever reasonable action they deem necessary to reach a fair and reasonable resolution to the matter. This may include meeting with the student to permit the student to again make an oral explanation. If such a meeting takes place, both the student and the Dean shall be allowed to have another person present during the meeting.
- Within 14 school days of receiving the student submission, the Dean shall provide a final written decision on the matter including reasons therefore.
- The total maximum period of time between the date a complaint is submitted and the date a final decision is made by the School Committee (Registrar, Director of Program, Dean) is 27 school days.
- The school shall maintain a record of all students' complaints for 3 years from the date of the decision, including a copy of the student complaint, any submissions filed and the decision. The student will be provided with a copy of this record upon conclusion of the matter.
- The school will maintain a separate centralized binder/folder of all student complaints for a minimum of three years.

If the student still feels the problem has not been appropriately resolved, the student may direct the complaint to one of the following organizations:

If you request the Ontario Superintendent of Private Career Colleges to review your concern or complaint submit it using the ministry's **Program Approval and Registration Information System (PARIS.)**
<https://www.pcc.tcu.gov.on.ca/PARISExtWeb/public/login.xhtml>
